

FUTURITY / MATURITY

NEAA
Norwegian Elkhound
Association of America

The purpose of the NEAA Futurity – “The Breeder's Cup” and Maturity competition (aka Futurity / Maturity) is to encourage breeders to continually strive for excellence and to reward them for their breeding efforts. Because of this, the competition is weighted in favor of the breeder of the litter. However, recognition is also given to the sire for his genetic contribution and to the owners of the individual entries for their work in the development process as the quality of the individual entry is reflected in these combined efforts. The purpose of holding both a Futurity and Maturity competition is to allow the observer the opportunity to study various individuals and lines from puppyhood through early adulthood and thus make better breeding choices in their own breeding programs.

Non-Monetary Awards

Awards will be funded from sponsors and from the portion of allocated funds from the Futurity / Maturity General Expense Fund. Nonmonetary awards shall be as follows:

- “Best in Maturity” to the Breeder(s) of Best in Maturity

Monetary Awards

The money from nominations and entries makes up the Futurity / Maturity Stake and shall be distributed as follows:

Futurity/Maturity General Expense Fund 25% (for expenses)

Best in Futurity 15%

(divided 50% to breeder, 30% to puppy owner, 20% to sire/semen owner)

Best in Maturity 15%

(divided 50% to breeder, 30% to puppy owner, 20% to sire/semen owner)

Class Placements 45%

The 45% allocated to Class Placements is distributed according to the number of entries in each class:

Percent allocated to class = (number in class) / (total entry)

From the Individual Class Stake, the division by placement is as follows:

- 1st = 40% (divided 60% to breeder, 40% to owner)
- 2nd = 30% (divided 60% to breeder, 40% to owner)
- 3rd = 20% (divided 60% to breeder, 40% to owner)
- 4th = 10% (divided 60% to breeder, 40% to owner)

Futuriity / Maturity ... Best of the Best

My love for Norwegian Elkhounds started nearly 60 years ago when my parents purchased our first Elkhound when I was 3 months old. They paid \$10 for this cute little gray furball that was a breed they had never heard of. Rogue, as he was named, had a wonderful temperament and helped raise me and my 4 older brothers. My oldest brother bought our first show dog, Timber, when I was 6 or 7 and I quickly became a fixture outside the Elkhound ring.

My brother's show career was short lived, but that opened door for my mom, Joan, to start fulfilling her childhood dream of showing dogs. She took over showing Timber. Finally, I turned 9 and got to show in Junior Showmanship at a fun match. I got fourth place in a huge class and I was hooked!!! This stated a long successful mother/daughter team under the Tiro Elkhounds banner.

I got "my" first show dog when I was 10 years old and her name was Sassy. I learned so much with her. We qualified for Junior Showmanship at Westminster Kennel Club multiple times and she was my first champion. In the beginning, my mom was the business end, and I got to do the FUN stuff. She was in charge of breeding, whelping and mentoring puppy buyers. I took care of the day-to-day tasks, show prep and running around the ring. As time went on, I became more active in breeding decisions and puppy evaluations. Tiro has produced over 50 AKC Champions. My mom and I made a great team!!

In addition to competing in the show ring, I have held multiple Board Positions within NEAA and NEANC. I have judged Junior Showmanship at the NEAA National held in Sacramento, CA in 1998 and judged the Sweepstakes at the Regional that was held with the 2012 National in San Diego. It is an honor to judge at the 2024 National. I am looking forward to seeing some beautiful Elkhounds, reuniting with lifelong friends and meeting new ones!!!

With me on this wonderful trip is my husband of 21 years, Larry, who I met at a dog show! We competed against one another in the Shiba Inu ring. Also, our beautiful daughter Amanda is here. While Amanda has never shown an Elkhound, she has shown many breeds while working with a professional handler in Canada.
