## Fred Buroff

### Obedience & Rally

In 1979 I started showing in obedience with my male Border Collie, Patches, and obtained his Companion Dog Excellent title. After my Border Collie, I went on to train a male and female Doberman to a Utility title. Next, I titled three more Border Collies, one Golden Retriever, and a male German Shepherd through Utility.

Then came rally, and my German Shepherd went on to obtain his Rally Excellent title. More recently I put a Rally Excellent title, a Beginner Novice title, a Companion Dog title, and a Graduate Novice title on an Italian Greyhound.

Over the years I have trained four Utility dogs, two other dogs to Companion Dog Excellent, and two more dogs to a Companion Dog title. Currently, I am training a Labrador Retriever we adopted last March after the “virus” began.

Since 1989 I have taught various levels of obedience classes — over 14 years at the Stone City Kennel Club and over 25 years at the Obedient Dog Training Club — in New Lenox, Illinois. I have been judging since 1988 all levels of AKC Obedience, and in 2005 I became an AKC Rally Judge when AKC started the venue.

### Obedience & Rally

I am very pleased to be judging for the Norwegian Elkhound Association! Judging has become my dominant dog activity in recent years after over 35 years of showing heavily in Obedience. My primary breed has been Golden Retrievers (having taken 5 of them to the OTCH title and numerous other accomplishments) but I have also sprinkled in

one Sheltie (who also attained her OTCH) and currently have added a wild Border Collie (yes, wilder than most!). It's the Border Collie who is making me humble, wondering what I may have gotten myself into, but I thoroughly enjoy the challenge he presents (most of the time!).

I judge all classes of AKC Obedience and Rally as well as UKC Obedience and Rally. I love seeing and judging many different teams, at many different levels of accomplishment and with many different goals. There is a place for everyone in the sport. Good luck to all exhibitors and let's all try to have fun!
