## Mrs. Jamie Jo Sieveking

### Scent Work

Jamie began with her first Weimaraner in 1989 as a pet, and soon more came into her life. The journey to dog training began when her first male was out of control and went through a back door window, nearly severing his leg. After convalescing she found a training program and he became her first working dog. She began competition obedience with him in 1995, and found her new passion. She has since titled many of her dogs in Conformation, Obedience, Rally, Tracking, Hunting, Scent Work, CGC, CGCA, and Tricks. She is currently active in the Weimaraner Club of America, Weimaraner Club of Greater St. Louis, and Columbia Missouri Kennel Club. She has served these clubs as a board member, show secretary, and show chairman. For the last 15-years she has been active as a project leader, trainer, and judge in numerous 4H Dog Programs.

Having been a competitor in Free Style Obedience exhibitions and Rally Obedience completions in other venues, the path was laid for her to continue to build on her skills as AKC Rally Obedience was forming into a sport. Since 2005 when Rally Obedience became a titling event she has been dedicated to the sport as one of the first Rally Obedience Judges. She has continued to title all her dogs in Rally Obedience over the last 20-years. Also, she is a sought after as a local judge, and has judged many national specialty shows, as well as regional specialty shows.

She has continued to hone her skills as an instructor at the Columbia Canine Sports Center in Columbia MO for the last two decades, teaching Rally Obedience, Star Puppy classes, and Scent Work classes. Also, continues to write and present seminars on AKC Rally Obedience throughout the Midwest. These seminars are keeping competitors abreast of the current AKC Rally Obedience rules, as well as techniques to be successful in the sport.

Having been selected and invited to the AKC Rally National Championship, she is honored to judge her assigned classes, and hopes that the courses she has prepared will be challenging and enjoyable to run.

## SCENT WORK HIGH IN TRIAL

Only teams who participate in the same difficulty level in all elements offered (Container, Interior, Exterior, Buried, and qualify in each are eligible to win **High in Trial**. One High In Trial winner is chosen per difficulty level; there is no separate High In Trial for the Novice A and Novice B sections. The High in Trial is determined by adding the team's faults across the elements. If there is a tie based on faults, then the team's times across the elements will be summed and the faster-finishing team will win. The High in Trial award is not recorded by the AKC. Teams winning High In Trial will be awarded a special Rosette.

## STAGING AREA, HANDLER'S BRIEFING, AND WARM-UP INFORMATION

**Staging Area** will be out of view of search area(s). Staging area will include warm-up and waiting area, as well as posting of running order.

The **Handler's Briefing** will take place in view of the search area prior to the start of each class, after the hide(s) have been set and after the Demo Dog has run. In the Handler's Briefing the judge will explain if there's an off-leash option, number of hides, maximum height of hides and maximum time for the search. NO DOGS are to be present during the Handler's Briefing.

**Warm-up area:** the club shall designate a warm-up area. One labelled container per target odor being used in the trial on that day will be placed in the warm-up area. This will allow handler-dog teams to prepare themselves for the search prior to their run. Each team should limit their warm-up to two minutes or less so that others may be able to use the warm-up area.
