## **NEAA MISSION STATEMENT**

The mission of the Norwegian Elkhound Association of America, Inc. is to maintain the integrity of the Norwegian Elkhound breed as the hunting dog of moose in Norway in the following ways.

- To provide those people who breed Norwegian Elkhounds with the knowledge to do so in a quality manner
- To see the continuous improvement of the breed by adhering to the breed standard created by the Association on with the approval of the American Kennel Club
- To oversee the regional clubs in promoting and protecting the breed and to assist these clubs in their missions and educational pursuits
- To develop, promote, and disseminate educational information regarding the Norwegian Elkhound
- To sponsor national events to monitor the progress of the breed and to demonstrate its versatility
- To actively contribute to the study and eradication of diseases and hereditary defects that affect the Norwegian Elkhound.

(approved May 2, 2000)

*Welcome!*

***NEAA President  
Robin Rhoden***

**Welcome everyone to the 30<sup>th</sup> Anniversary Norwegian Elkhound Association National Specialty show.**

**What a great milestone for the club. I'm grateful to everyone who has come to participate in and celebrate this event. The show committee has a lot of great things in store to celebrate the club's history and winners.**

**Good Luck to everyone!!!! I hope you and your dogs have a wonderful time. Let's all take some time to enjoy each other's company and our wonderful dogs.**

### Marie Peterson

*Dena Marie Peterson  
March 26, 1930 - July 15, 2022*

#### **Windy Cove Norwegian Elkhounds**

When Joe and Marie Peterson got their first Elkhound in 1953, it was a pet for their family including their three boys, Greg, Rod, and Kirk. They were enchanted by the breed and decided they would try breeding elkhounds.

In 1955, they acquired a male and female Elkhound from reputable breeders. One was CH Windy's Tusko of Greenwood CD from Mrs. Linda Scott's Greenwood Kennel of Edmonds Washington and the other was CH Baadkarls Tona of Windy Cove from Boatman's Baadkarl Kennels in Iowa. From there came puppies, show dogs, beloved family pets, and an Elkhound dynasty for almost 70 years known as the Windy Cove Kennel. The Windy Cove Kennel name was adopted in part due to the cold windy winters in Spokane, Washington. Tusko and Tona produced three litters of puppies and nine of those puppies earned their championship title. One of the most famous elkhounds produced by Tusko and Tona was Rowdy Ringo, a Best in Show dog, who went on to sire Vin-Melca's Howdy Rowdy, one the top show dogs and sires in Elkhound history.

In 1965, the Peterson family moved lock, stock and kennel to Atascadero, California, where they invested in land for their kennel and their dogs continued to thrive in the show community. Marie and Joe loved raising puppies and it was something that they did well. So many wonderful show dogs and even more wonderful family dogs were produced by Marie and Joe. They were strong believers in importing new blood to their breeding program and did so every few years. Marie spoke passionately about the need for this to keep the true hunting genes in the line. She and Joe even traveled to Norway in 1978; visiting breeders, attending shows, and searching for Elkhounds that would be assets to their blood lines. Marie knew what she wanted and expected to see in an Elkhound and she and Joe were rewarded for their dedication to the breed with many wins under Norwegian Breeder Judges.

Some of the wins she was most proud of were Windy Cove Mona av Oftenasen awarded Winners Bitch, Best of Winners and Best of Opposite Sex at the 3<sup>rd</sup> NEAA National Specialty in 1968. CH Windy Cove Jr. Bicentennial was awarded Best in Specialty Show in Minnesota and Puget Sound under Norwegian Judges.

## **Marie Peterson** *dedication continued*

In 1984, CH Windy Cove Chief Cochise and awarded Best in Specialty at the NEAA National and his litter sister, CH Windy Cove Indian Maiden was selected as Best of Opposite Sex. The Brood Bitch first place was awarded to their dam, Windy Cove Bicen's Cut Krystal.

In 1989, CH Windy Cove Norgren Wild Pride was awarded Best of Breed at the NEAA National Specialty.

In San Diego 2012, the Windy Cove kennel caught the eye of Judge Rolf Frostad. The Bred-by class dog, Windy Cove RiverWind Pepperjack N Wine, was awarded Winners Dog, Best of Winners, Best in Specialty, and also, Best Bred by Exhibitor. Windy Cove Dasher's Tinker Bell received the Select Bitch Award. And the Stud Dog first place for 2012 was awarded to Windy Cove Grom Silver Jarls, the sire of "Pepper," the Best of Breed Dog. Six other Windy Cove dogs went on to place first in their class, including puppies, bred-by, and veterans. It was a starlight year for Windy Cove.

Marie was always delighted to talk about her dogs, she was quick to compliment you on your accomplishments, and she would usually tell you where she thought you could make changes to improve, if asked.

Marie loved her dog family of friends and acquaintances. She loved hearing from people who had her dogs and hearing the stories of elkhound shenanigans and adventures. She loved to get pictures of the puppies as they matured and she grieved with you as the old dogs passed. She especially valued how individuals and families returned to get another Windy Cove puppy as their dogs matured and aged. She gave so much of her heart to her dogs and the individuals that have them.

Marie loved her family just as much and gave of her heart to them. She was 92 when she passed away at home surrounded by family and her Elkhound memories. Joe Peterson predeceased Marie four and a half years ago. Her son, Rod, predeceased her in 2017, and her grandson Mike, died in 2016. Marie is survived by two of her three sons, Greg Peterson and his wife Linda Peterson and Kirk Peterson and his former wife Nora, and Rod's wife Debbie as well as 6 grandchildren, and 7 great grandchildren.

Marie's death leaves many of us with a special something missing that will never be replaced by another.

## The Regional Specialty is dedicated to:

### Elaine Oakes

*September 12, 1946 — January 7, 2023*

Elaine was a long term member of NEAA and a 1968 graduate of Appalachian State University. She was self-employed as a ceramic artist and created many pieces depicting the Norwegian Elkhound.

Elaine's generous contributions to the NEAA auctions were extremely popular and still sought after today.

Elaine owned and exhibited Norwegian Elkhounds for many years, was a founding member of the former Cherokee Foothills Norwegian Elkhound Club, and a supporter of Norwegian Elkhound Rescue.

### Daniel Lawer, DVM

*December 18, 1946 — January 9, 2023*

After graduating from Washington State University College of Veterinarian Medicine, Dan served over six years in the U.S. Air Force Veterinary Corp. In 1977, he started a veterinary practice in Sacramento and was a veterinarian there for over 40 years, until he had health issues that forced him to retire from a business he truly loved.

He was president of the Sacramento Sierra Norwegian Elkhound Club (SSNEC) until the club disbanded in 2021 and also served as president of the Sacramento Dog Training Club (SDTC) for many years. In addition Dan was an approved AKC Tracking Judge and a breeder/exhibitor of Norwegian Elkhounds, and a member of NEAA. He was a volunteer with the SSPCA Love On Loan program with his wife Betty and their rescue Elkhound Lucky. Dan provided veterinary care to many rescued Elkhounds prior to their placement in their forever homes. Most importantly Dan was an owner and lover of Norwegian Elkhounds!

## The National Performance Events are dedicated to:

### Pete Bojan

*October 1966 - July 2022*

Pete grew up with terriers in his family, a Scottie and then a Westie, whom he loved dearly. He and Toni Sibrel met in college, graduated and eventually bought a house together in Northern Illinois. They learned about Elkhounds when Toni's brother got a puppy, "Chaz", for his family - the first time they'd heard the breed. In 1995, when Chaz was 18 months old, he came to live with Pete and Toni, and their adventure with Elkhounds began.

Over the years, they had eight Elkhounds: Chaz, Frosti, ZigBee, Hallie, Taavi, Violet, Ozzie, and most recently, Brikka. Pete was a gentle soul with his dogs, enjoying long walks and petting them while he read or worked on his computer. They all adored Pete, and went bonkers whenever he came home, and he greeted them with near equal enthusiasm. Frosti, Hallie, and Violet were all "Daddy's Girl", following him like a shadow wherever he went.

Pete's agility career began when Toni broke her foot, just after she started agility class with ZigBee. Pete took over as handler and found it to be a lot of fun. In 1997, Hallie arrived from JNMRF Elkhound rescue and started training with Pete. Agility became their game. They absolutely loved running together, making a wonderful team. Their motto was "Run Fast, Bark Loud". They participated in the Agility Invitational in 2012 and 2013, and competed in National Agility Championship in 2013. With Pete at her side, Hallie became MACH Hallie Daisy RE MXB MJG NF T2B2. He was so happy when they got that MACH! When Hallie died from cancer in June 2014, he was heartbroken.

Pete was an avid runner, and when Violet came along, he discovered Canicross. He ran in canicross events with her, and also Ozzie, until 2020, when the pandemic shut everything down. He and Violet trained in Agility, as well, and those classes were a welcome break from the tedium and stress of the pandemic. In 2021, he took Ozzie into the conformation ring at the NEINEA Specialties, in place of Toni, who was recovering from knee surgeries. Pete showed natural talent and grace, with Ozzie being awarded Select Dog in two of the three shows.

Pete enjoyed dog shows because he loved being around dogs, and dogs loved being around Pete. He was quick to jump in and help with whatever needed to be done, always with a great attitude. The rest of the time, you could find him hanging out with his dogs.

HAVE FUN  
AND "GO WILD"  
THIS WEEK!

**Earning Points Toward Championship Title**  
For complete Conformation Championship requirements  
see Chapter 16 of the Rules Applying to Dog Shows

The Points toward a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater. If no points are available for the Best of Winners, the number of regular class dogs in both sexes are added together and compared to the point schedule. If the total sum of regular class dogs and bitches meets or exceeds the number of competitors needed for one point in its sex, the Best of Winners will receive one championship point.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld **shall not be included**. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

## Official Standard of the Norwegian Elkhound

**General Appearance:** The Norwegian Elkhound is a hardy gray hunting dog. In appearance, a typical northern dog of medium size and substance, square in profile, close coupled and balanced in proportions. The head is broad with prick ears, and the tail is tightly curled and carried over the back. The distinctive gray coat is dense and smooth lying. As a hunter, the Norwegian Elkhound has the courage, agility and stamina to hold moose and other big game at bay by barking and dodging attack, and the endurance to track for long hours in all weather over rough and varied terrain.

**Size, Proportion, Substance:** Height at the withers for dogs is 20½ inches, for bitches 19½ inches. Weight for dogs about 55 pounds, for bitches about 48 pounds. Square in profile and close coupled. Distance from brisket to ground appears to be half the height at the withers. Distance from forechest to rump equals the height at the withers. Bone is substantial, without being coarse.

**Head:** Head broad at the ears, wedge shaped, strong and dry (without loose skin). Expression keen, alert, indicating a dog with great courage. Eyes very dark brown, medium in size, oval, not protruding. Ears set high, firm and erect, yet very mobile. Comparatively small; slightly taller than their width at the base with pointed (not rounded) tips. When the dog is alert, the orifices turn forward and the outer edges are vertical. When relaxed or showing affection, the ears go back, and the dog should not be penalized for doing this during the judge's examination. Viewed from the side, the forehead and back of the skull are only slightly arched; the stop not large, yet clearly defined. The muzzle is thickest at the base and, seen from above or from the side, tapers evenly without being pointed. The bridge of the nose is straight, parallel to and about the same length as the skull. Lips are tightly closed and teeth meet in a scissors bite.

**Neck, Topline, Body:** Neck of medium length, muscular, well set up with a slight arch and with no loose skin on the throat. Topline - The back is straight and strong from its high point at the withers to the root of the tail. The body is short and close-coupled with the rib cage accounting for most of its length. Chest deep and moderately broad; brisket level with points of elbows; and ribs well sprung. Loin short and wide with very little tuck-up. Tail set high, tightly curled, and carried over the center-line of the back. It is thickly and closely haired, without brush, natural and un-trimmed.

**Page 2 of 2**

**Forequarters:** Shoulders sloping with elbows closely set on. Legs well under body and medium in length; substantial, but not coarse, in bone. Seen from the front, the legs appear straight and parallel. Single dewclaws are normally present. Feet-Paws comparatively small, slightly oval with tightly closed toes and thick pads. Pasterns are strong and only slightly bent. Feet turn neither in nor out.

**Hindquarters:** Moderate angulation at stifle and hock. Thighs are broad and well muscled. Seen from behind, legs are straight, strong and without dewclaws. Feet as in front.

**Coat:** Thick, hard, weather resisting and smooth lying; made up of soft, dense, woolly undercoat and coarse, straight covering hairs. Short and even on head, ears, and front of legs; longest on back of neck, buttocks and underside of tail. The coat is not altered by trimming, clipping or artificial treatment. Trimming of whiskers is optional. In the show ring, presentation in a natural, unaltered condition is essential.

**Color:** Gray, medium preferred, variations in shade determined by the length of black tips and quantity of guard hairs. Undercoat is clear light silver as are legs, stomach, buttocks, and underside of tail. The gray body color is darkest on the saddle, lighter on the chest, mane and distinctive harness mark (a band of longer guard hairs from shoulder to elbow). The muzzle, ears and tail tip are black. The black of the muzzle shades to lighter gray over the forehead and skull. Yellow or brown shading, white patches, indistinct or irregular markings, "sooty" coloring on the lower legs and light circles around the eyes are undesirable. Any overall color other than gray as described above, such as red, brown, solid black, white or other solid color, disqualifies.

**Gait:** Normal for an active dog constructed for agility and endurance. At a trot the stride is even and effortless; the back remains level. As the speed of the trot increases, front and rear legs converge equally in straight lines toward a centerline beneath the body, so that the pads appear to follow in the same tracks (single track). Front and rear quarters are well balanced in angulation and muscular development.

**Temperament:** In temperament, the Norwegian Elkhound is bold and energetic, an effective guardian yet normally friendly, with great dignity and independence of character.

**Summary:** The Norwegian Elkhound is a square and athletic member of the northern dog family. His unique coloring, weather resistant coat and stable disposition make him an ideal multipurpose dog at work or at play.

**Disqualifications:** An overall color other than gray.

# FUTURITY / MATURITY

The purpose of the NEAA Futurity – “The Breeder's Cup” and Maturity competition (aka Futurity / Maturity) is to encourage breeders to continually strive for excellence and to reward them for their breeding efforts. Because of this, the competition is weighted in favor of the breeder of the litter. However, recognition is also given to the sire for his genetic contribution and to the owners of the individual entries for their work in the development process as the quality of the individual entry is reflected in these combined efforts. The purpose of holding both a Futurity and Maturity competition is to allow the observer the opportunity to study various individuals and lines from puppyhood through early adulthood and thus make better breeding choices in their own breeding programs.

**Non-Monetary Awards**

Awards will be funded from sponsors and from the portion of allocated funds from the Futurity / Maturity General Expense Fund. Nonmonetary awards shall be as follows:

- First Place..... Rose Ribbon
- Second Place ..... Brown Ribbon
- Third Place ..... Light Green Ribbon
- Fourth Place ..... Gray Ribbon
- Best in Futurity..... Pink and Green Rosette
- Best of Opposite Sex to Best in Futurity ..... Lavender Rosette
- Best in Maturity ..... Pink and Green Rosette
- Best of Opposite Sex to Best in Maturity ... Lavender Rosette

**Two (2) special NEAA traveling trophies will also be given:**

- “The Breeder's Cup” to the Breeder(s) of Best in Futurity
- “Best in Maturity” to the Breeder(s) of Best in Maturity

**Monetary Awards**

The money from nominations and entries makes up the Futurity / Maturity Stake and shall be distributed as follows:

**Futurity/Maturity General Expense Fund 25%** (for expenses)

**Best in Futurity 15%**

(divided 50% to breeder, 30% to puppy owner, 20% to sire/semen owner)

**Best in Maturity 15%**

(divided 50% to breeder, 30% to puppy owner, 20% to sire/semen owner)

**Class Placements 45%**

The 45% allocated to Class Placements is distributed according to the number of entries in each class:

Percent allocated to class = (number in class) / (total entry)

From the Individual Class Stake, the division by placement is as follows:

- 1st = 40% (divided 60% to breeder, 40% to owner)
- 2nd = 30% (divided 60% to breeder, 40% to owner)
- 3rd = 20% (divided 60% to breeder, 40% to owner)
- 4th = 10% (divided 60% to breeder, 40% to owner)

Futurity / Maturity

## Leslie Forrest

### Futurity / Maturity — Best of the Best

First, I am honored to have been selected to judge the 2023 NEAA Futurity and Maturity.

My husband and I grew up with dogs. After we married, we researched, attended shows and visited breeders of several possible breeds. We settled on Norwegian Elkhounds because we liked their independence, hardiness and temperament. Eventually, we found a breeder willing to re-home a six-month old male. Mishiu, a gem harkening back to the Crafdal line, joined our household in 1972 and lead us down the Primrose Path — a life-long devotion to this breed.

Not knowing anything about dog shows, my first experience yielded a fun match Best of Breed. Mishiu went on to win the group, too. The fairytale ended in the Best in Match ring, but the seed had been sown. Although not destined to be a breed champion, Mishiu was the best guardian of a rambunctious toddler a parent could ever want.

George and I became active members of the Northeastern Illinois Norwegian Elkhound Association and the NEAA. I have chaired/co-chaired our regional specialty numerous times as well as co-chairing the NEAA National Specialty twice. Holding offices on both the NEAA and NEINEA boards, I have been very honored to receive local and national service awards.

Most importantly, my membership in NEINEA led to meeting Pat Viken and the subsequent establishment of Vikrest Norwegian Elkhounds. Co-breeding our first litter of six puppies in 1987, Vikrest now claims over 75 championships with dogs receiving recognition in conformation, obedience, agility, scent work, herding and devoted family companions. Personally, I have exhibited in conformation and have trained and shown in obedience, rally and agility. Most recently, I am working with a male in scent work, a whole new world.

Think of the Elkhound as a versatile athlete. Its origin as a companion to hunters demanded the dog be sturdy and intelligent. We are stewards of an amazing animal that, unfortunately, is seen less and less. As the gene pool shrinks, the existence of this hardy grey dog is at risk, which is exactly why the Futurity competition is so important. Find those dogs with the virtues outlined in the breed standard and pass those strong points on to future generations.

**DIVISION OF ENTRY FEE AS PRIZE MONEY**

Thirty-five percent (35%) of the total Sweepstakes entry fee will be retained by the Norwegian Elkhound Association of America, Inc. for expenses. The remaining sixty-five percent (65%) of the Sweepstakes entry fee becomes the Sweepstakes Fund to be divided among the winners of each class as follows.

**First Place 50%    Second Place 25%    Third Place 15%    Fourth Place 10%**

Sweepstakes

**Generations Class** (National only): For three dogs, regardless of sex, of three consecutive generations (grandparent, parent, offspring). Entry is made for each dog (three separate entry forms) and all entries submitted together. Class is judged on the merits of all three generations entered. For the Generations Class, 35% of the entry fee will be retained by the Club for expenses. The remainder will be divided as follows:

First Place 40%	Second Place 25%
Third Place 20%	Fourth Place 15%

## Laura Reeves

Regional Junior / Senior and Veteran Sweepstakes

In my professional handling career, I consistently maintained a low-number, high-quality client list. Specializing in rare breeds and challenging dogs, I have piloted multiple dogs to Best in Show, Best in Specialty Show, Group wins, #1 rankings and more.

I spent my childhood training field trial Labradors, with games of baseball to improve their blind retrieves, teaching Clumber

Spaniels how to swim and German Wirehaired Pointers to retrieve to hand. I am also a second-generation breeder of German Wirehaired Pointers under the Scotia Kennel banner. Scotia dogs have earned well over 100 titles — in the conformation show ring, hunt tests, field trials, agility, tracking, obedience, rally and in the North American Versatile Hunting Dog Association. My dedication to breeding dual purpose dogs reflects a stated goal of preserving the all-weather, rugged, sound-minded gun dog the breed's founders envisioned.

I am an AKC Breeder of Merit, a retired Zone Representative for the Professional Handlers Association and an AKC Judge. I also served the German Wirehaired Pointer Club of America as AKC Gazette Columnist, Judges Education Committee member and chair, President and Vice President, National Events Coordinator and more.

My background as a newspaper reporter, marketing representative and researcher/writer for audio driving tours has served me well in my side projects. My current adventure is as host of the [PureDogTalk](#) podcast lending my particular combination of skills to this exciting exhibitor education platform.

## Karen Mammano

National Junior Showmanship  
National Junior / Senior and Veteran Sweepstakes  
Generations

I grew up in the Sport of Purebred Dogs. My mother was a long time Golden Retriever breeder — one of their dogs, Liberty, went to President Gerald Ford in the White House — and together we bred Golden Retrievers.

My mother showed in conformation while I exhibited in obedience and junior showmanship, first qualifying for Westminster at the age of 10. I went on to work for dog handlers, and then at the age of 18, I began my dog handling career which now spans over 30 years.

As a youngster I had dreamed of winning at Westminster and even drew a picture of myself with a Golden Retriever on the winning platform. That dream came true in 2020 as I handled a Golden Retriever named Daniel to first place in the Sporting Group. Other highlights of my handling career include winning Best in Show from all seven groups, Best in Show at the World Dog Show in Portugal, and I have judged twice at Westminster.

# JUNIOR SHOWMANSHIP

Requirements & Classification

**JUNIOR SHOWMANSHIP**

**Novice, Open, Master & Best Junior**

**Novice Class:** This shall be for boys and girls who are at least 9 years old and under 18 years old on the day of the show and who at the time entries close have not won three (3) first place awards, with competition present, in a Novice Class. A first place in Novice without competition leading to a Best Junior award with competition would count as one win towards moving to Open at a licensed or member show. Junior Handlers who win a third Novice Class with competition, if a win in Novice leads to a Best Junior with competition present it will count as one win towards moving to Open, after the closing of entries for a show are required to transfer their entry from the Novice Class to the Open Class by notifying the Superintendent or Show Secretary prior to the judging of the class at the show.

**Open Class:** This class shall be for boys and girls who are at least 9 years old and under 18 years old on the day of the show, and who have won three first place awards in a Novice Class or if a win in Novice leads to a Best Junior with competition present it will count as one win towards moving to Open in a licensed or member show.

**Master Class:** This class will be for boys and girls who are at least 9 years old and under 18 years on the day of the show, and who have won the 10 Best Junior wins with competition. The calendar for this class will be consistent with the eligibility

### Regional Conformation

I am a second-generation dog man whose family began in the Sport of Purebred Dogs breeding German Shepherds. In the following years I and my family became successful Great Dane and Dachshund breeders under the Jamara prefix. Along with showing Great Danes as a youth, I competed regularly in junior showmanship. I then continued my career by becoming a professional all-breed handler, garnering many top awards in every recognized group. I have bred Great Danes, Dachshunds, German Shepherds, Pekingese, Maltese and Whippets. I currently have a veteran Whippet as well as a spirited youngster.

As a professional handler I exhibited all breeds and piloted my client's dogs to numerous Best in Show awards and top rankings. My dogs have won Best of Breed at both national specialties as well as the prestigious Westminster Kennel Club.

Following my career as a professional dog handler, I began a culinary career and was a chef at many esteemed restaurants such as The Inn at Little Washington in Virginia. I also volunteer for Take The Lead, a charitable organization which assists people in the Sport of Purebred Dogs when facing terminal illness. Along with my active canine life, I also own a bar and an Italian tapas and wine restaurant.

I have enjoyed great success in my judging career with appointments throughout the United States and worldwide, with judging experience in England, Germany, Finland, Japan, China, Mexico, Italy, Australia, Ireland and Korea as well as 23 other countries. I have had the privilege of being invited to judge the national specialties for eight different breeds, along with the Great Dane National Show in six countries. Most notably, I judged the Toy Group at the 2016 Westminster Kennel Club as well as the Junior Showmanship Finals at both Westminster and Crufts. Currently, I am licensed to judge all Toy and Hound as well as multiple breeds in four other groups and Best in Show. I am still active with Great Danes and served as President of the Great Dane Club of America as well as their Judge's Education Committee chair along with being the television commentator for Westminster Kennel Club on Fox Sports Network.

National Conformation

I grew up on a farm where my father had several Norwegian Elkhound Grey during my youth, and he used them for moose hunting.

Early in the 1970s my father also bred Norwegian Elkhound Grey on a small scale.

When I was in my 20s, I started hunting moose. One time, my dad broke several of his ribs, and I had to take over as a dog handler — that was my introduction to hunting.

To hunt moose using Norwegian Elkhound Grey was an experience that gave me a passion I still have. My whole family hunts moose, and an uncle of mine had a Norwegian Elkhound Black. They are smaller and easier to handle than the Grey breed when you hunt with a leash.

I have hunted moose since 1995 and hunted with Norwegian Elkhound Grey from 1997 to 2004. I have hunted with Norwegian Elkhound Black since 2005 and still hunt. I am a breeder of kennel “Snikjegern” (Silent Hunter). Besides my father’s dogs, I have had four Elkhounds. All four became a Hunting Champion, and three of them also became Show Champions.

I am employed by Trondheim Municipality as a conservation officer part-time/on-call, which is responsible for public search for injured moose.

# Non-Regular Classes Involving Multiple Dog Entry

## Brood Bitch Class

- **Stud Dog / Brood Bitch** (National *only*):

Dogs and bitches are shown with two of their offspring. Class is judged on the merits of the offspring, but the parent will be examined for disqualifications or excusals. Offspring must be entered in a regular conformation class. Entry is made for the Stud Dog or Brood Bitch; offspring are not entered on the entry form.

## Edmund Dziuk

Best of the Best

I have been actively involved in the Sport of Purebred Dogs for over 40 years. I obtained my first Beagle in 1977, finishing the dog's AKC Championship as a junior owner-handler, and have never been without the breed since.

I have bred or owned more than 75 Beagle champions, including five National Specialty Best of Breed winners and 11 Best in Show winners.

I attended my first Westminster Kennel Club show in 1980 as a junior and handled my Beagle to a Best of Variety win. The following year I returned to place in the Westminster Junior Showmanship Finals competition. Many more Westminster wins followed, culminating in two Best in Show winners — Uno (pictured) in 2008 and Miss P in 2015, co-owned by me.

For the last 20 years, I have been the Chief Operating Officer of the Orthopedic Foundation for Animals. There, I have the unique opportunity to combine my business and management experience with my love of dogs and my passion for and interest in canine health. I am approved to judge the Sporting and Hound Groups, several Toy and Non-Sporting breeds, AKC Junior Showmanship, Best in Show, and I have enjoyed four judging assignments at Westminster.

## JUDGING PROCEDURES

### HANDLERS' BRIEFING

A handler briefing shall be conducted by the Contest chairperson one (1) hour prior to the start of the Contest to review judging procedures.

The Contest chairperson shall select and number each Group of participants — two (2) participants per Group, and assure each Group is prepared to enter the show ring. The number of Groups will vary according to the number of participants.

All handlers and dogs (herein referred to as "participants") in the Contest shall enter the show ring to allow both Contest judges and the audience to observe all the dogs assembled.

All dogs shall be presented stacked or free stacked, gaited around the show ring as one assemblage, and then temporarily dismissed from the show ring until the judging of Groups.

### JUDGING OF GROUPS

Each judge shall be assigned to one of two (2) judging stations.

Initially, the first dog in each Group shall be assigned to the judge at Station #1; second dog in each Group shall be assigned to the judge at Station #2.

The Narrator shall announce for the audience the format for judging of the Groups. The first Group of two (2) participants shall enter the show ring and present the dogs stacked or free stacked in front of the two (2) Contest judges to begin the scoring for the Average Placement Score.

To determine the Average Placement Score, the Contest score sheet for a dog from each of the two (2) judges is tabulated, the total score from the two (2) score sheets are added together, and that sum is divided by two (2).

Each group of two (2) participants enters the ring one at a time, stopping first in front of the two (2) judges (who are assembled at the end of a diagonal mat) for 'average placement' scoring. Handler and dog move down and back twice, circle the ring one full time and continue until they reach their designated station (first dog to Station #1; second dog to Station #2) for scoring by the appropriate judge. Both judges shall score each dog's gait as the dog reaches their designated station. After individual scoring has been completed by each judge, the participants shall rotate to the opposite station until both dogs have been scored by each judge.

After the first Group is scored and dismissed from the show ring, the second Group shall enter the show ring to follow the same procedures. After the second Group is scored, the third Group shall enter the show ring to follow the same procedures and so on until all participants have been scored by both judges.

Contest score sheets completed by the judges shall be given to the Show Chairperson for tabulation.

### CONTEST SCORE SHEET

The Contest Score Sheet, to be completed in detail by each judge, shall be sourced from the *Official Standard of the Norwegian Elkhound* (© 1989 AKC) as well as the *Interpretive Comments on the Norwegian Elkhound and the Standard* (© 1989 NEAA).

Examination scoring shall be:

Body - 25 points	Gait - 20 points
Forequarters/Hindquarters - 15 points	Head - 15 points
Temperament - 10 points	Coat and Color - 10 points
Tail - 05 points	<b>Total - 100 points</b>

#### **TABULATION OF SCORES**

Once all the Contest score sheets have been tabulated to determine the Contest Winner, the narrator shall announce for the audience each participant. Each participant shall re-enter the show ring, complete one full circle around the show ring, ending at the center of the show ring. The handler shall stack or free stack the dog and then shall move to an edge of the show ring.

#### **BEST OF THE BEST CONTEST WINNER**

In the event of a tie, the dog with a higher score in multiple sections shall be declared the Winner. If the two (2) dogs remain tied, both dogs shall be declared Best of the Best Contest Co-Winners.

If more than two (2) dogs have identical scores, the identified participants shall re-enter the show ring for additional judging.

Each Contest judge shall re-examine each dog and both judges together shall observe the dog's gait in a traditional dog show format.

The judges shall confer to reach a consensus on the overall Contest Winner, and the other participants involved in the tie shall be declared Best of the Best Contest Reserve Winners.

Presentation of awards may be made when all participants are once again assembled in the show ring. The dog with the highest Average Placement Score will be acknowledged, revealing the official score, and declared the Best of the Best Contest Winner.

Once the presentation of awards has been completed, participants may request of the Show Chairperson to be given the two (2) tabulated Contest score sheets.

#### **EVENT SECRETARY, SHOW SECRETARY, SUPERINTENDENT**

A club holding a Special Attraction, such as the Best of the Best Contest, and participants in the attraction are governed by the same rules and regulations that apply to all AKC events.

A club planning a Special Attraction, found listed as having standing written approval from the AKC Board of Directors, such as the Best of the Best Contest, must complete the "Additional Classes or Attractions" section of the AKC Event Application for Conformation.

The American Kennel Club must receive the Event Application for Conformation at least eighteen (18) weeks prior to the closing date of the regular show.

The announcement of the Special Attraction as well as the guidelines and rules of the attraction must be included in the regular show premium list.

The show secretary/superintendent shall provide a premium list and judging program to the Contest judges and to each participant.

### Obedience Trial Championship Points

One (1) Championship point will be recorded for those dogs that earn a qualifying score of 197 or better in the Open B or Utility B class, if they did not earn points based on the Point Schedule. Requirements for the Obedience Trial Champion are as follows:

The dog must have won:

1. 100 points
2. A first place in Utility B with at least three dogs in competition
3. A first place in Open B with at least five dogs in competition
4. An additional first place under the conditions of 2 or 3 above
5. All three first places under three different judges

*Only one of the required first places may have been won at a specialty Show*

## Fred Buroff

### Obedience & Rally

In 1979 I started showing in obedience with my male Border Collie, Patches, and obtained his Companion Dog Excellent title. After my Border Collie, I went on to train a male and female Doberman to a Utility title. Next, I titled three more Border Collies, one Golden Retriever, and a male German Shepherd through Utility.

Then came rally, and my German Shepherd went on to obtain his Rally Excellent title. More recently I put a Rally Excellent title, a Beginner Novice title, a Companion Dog title, and a Graduate Novice title on an Italian Greyhound.

Over the years I have trained four Utility dogs, two other dogs to Companion Dog Excellent, and two more dogs to a Companion Dog title. Currently, I am training a Labrador Retriever we adopted last March after the “virus” began.

Since 1989 I have taught various levels of obedience classes — over 14 years at the Stone City Kennel Club and over 25 years at the Obedient Dog Training Club — in New Lenox, Illinois. I have been judging since 1988 all levels of AKC Obedience, and in 2005 I became an AKC Rally Judge when AKC started the venue.

## Loretta Lazzara

### Obedience & Rally

In 1970, I took an obedience class with the family pet Pomeranian at the park district. At the class one of the instructors showed Pomeranians. We started talking and, as they say, the rest is history. After training the Pom, I moved on to a breed more suited for me, the Shetland Sheepdog.

After meeting up with Sheltie people, I got into conformation and breeding. After four litters, I decided breeding

was not for me; it was more fun going to shows. I started judging matches for my dog training club in the late 1990's, and after judging about a gazillion matches and loving it, I decided to apply and become an AKC Judge. I enjoy traveling to different areas of the country to judge, have met a lot of friendly people, and have judged many great performances.

My 10th Sheltie was an owner-handled Grand Champion UD, PUTD, PCDX, RM2, RAE2, GN, GO, VER, TKN, TKI plus a UKC CH and CD. While Pyro loved agility, there was no time in my day to add this venue in my life. With a brand-new puppy, I am excited to once again return to the "other side of the clipboard". This time, now that I am retired, I will add agility and herding, a new venue that I am excited to learn.

I am an Assistant Director of Training for the Fox Valley Dog Training Club in St. Charles, Illinois. I also teach the utility class, a performance competition class, a rally class and help with monthly run-throughs.

Thank you so much for the opportunity and honor to judge your National Specialty. Good luck to all exhibitors.

## Terri Campbell

### Agility

Currently, I share a home in Huntsville, Alabama and Laurens, South Carolina with my husband Chuck and two English Springer Spaniels — Harper the perfect dog (pictured), Noel (off field training) and Evie (exuberant Golden Retriever in training pictured). I can never remember not having a dog in the household. Our dogs are an intricate part of our family.

I have been in the Sport of Purebred Dogs since the late 1980's after retiring from the professional world of training and coaching hunters/equestrians. I also pursued a career in Information Technology as a Business Systems Analyst.

After eight years of being employed as an AKC Agility Field Representative, I am now semi-retired working as a contractor for the AKC Agility Department in educating judges and judging the sport of AKC Agility again.

My husband and I enjoy traveling with our dogs and competing in dock diving, agility and other canine sports.

## **AGILITY HIGH IN TRIAL AWARD FOR NORWEGIAN ELKHOUNDS ONLY!**

### **Guidelines and Rules**

All Norwegian Elkhounds competing in the Standard agility classes, including all jump heights, shall be eligible for the NEAA Agility High in Trial Award. The award shall be based on the qualifying course run results from only the Standard agility classes.

A dog must have a Standard class qualifying score to be eligible for the NEAA Agility High in Trial Award.

#### **Order of consideration for NEAA Agility High in Trial Award:**

1. Dog/handler team(s) with a double qualify\* (2Q's)
2. Dog/handler team(s) with a Standard qualifying score of 100
3. Dog/handler team(s) with a Standard qualifying score of less than 100

*\*Qualifying score at the same trial in both the Standard class and the Jumpers with Weaves class (double Q)*

At the end of the agility trial, first to be considered for NEAA Agility High in Trial shall be a dog/handler team(s) with a double qualify. A dog with a Double Q shall be weighted more than a dog with a single Standard qualifying score. If none, a dog/handler team(s) with a perfect Standard qualifying score of 100 shall be considered next. If none, a dog/handler team(s) with a Standard qualifying score of less than 100 shall be considered. Qualifying scores for AKC Standard and Jumpers with Weaves agility classes: Novice A&B, Open, and Excellent – 100 to 85 minimum; Masters – 100 minimum.

Within each Standard agility class, bonus points shall be awarded based on the level of difficulty. In all team situations, the resulting highest score wins NEAA Agility High In Trial.

#### **Level of Difficulty Bonus Points:**

30 points – Master/Excellent Qualifying Score	25 points Master/Excellent Preferred Qualifying Score
20 points – Open Qualifying Score	15 points Open Preferred Qualifying Score
10 points – Novice Qualifying Score	05 points Novice Preferred Qualifying Score

A scoring record for the NEAA Agility High In Trial Award shall be kept at the trial indicating the armband number of each competing dog, the dog's call name, Standard class level, Standard course time in seconds (SCT), actual Standard course running time in seconds (rounded down) for each competing dog, qualifying score in a Standard class, notation if a double Q was earned by a competing dog, and the final calculated score for NEAA Agility High In Trial. For example, if the SCT is 65 seconds and a dog runs the Standard course in 60.3 seconds, the difference would round down to 5 seconds.

**Scoring Record Shall Include:**

Armband Number	Standard Course Time
Call Name of DoG	Actual Time
Standard Class Level	Qualifying Standard Score
Bonus Points	Double Qualify (2Q's)

The score calculation for the NEAA Agility High in Trial Award shall be done for all competing dogs using qualifying scores in all of the agility classes and jump heights. To calculate the score, add the dog's Standard qualifying score, the difference in the Standard course time and a dog's actual Standard course running time, and the level of difficulty bonus points.

### Scent Work

I got involved with dogs when my husband told me I needed a hobby — it has grown way past a hobby. With each dog came more events we could do, and now I am busy doing something with my dogs all the time. I have made countless friends along the way and love to spend time with my dogs.

My first love will always be obedience but do love competing in conformation, scent work and .

hunting. I am a hobby breeder of Irish Setters and believe in producing dogs that can and will do anything you want to do with your dog. I also believe the most important attributes are health, conformation, and performance so they excel in any venue.

I am an AKC Judge for Open Obedience, rally and scent work as well as a United Kennel Club Judge for obedience, rally and nosework. Having been involved with dogs since 1991, I compete in conformation, obedience, rally, tracking, nosework, agility, hunt tests and therapy work.

Thank you for having me as judge for your National Specialty. Remember, we may forget the score for the day, but we will never forget spending the day with our dog — it's about having fun with your dog.

## SCENT WORK HIGH IN TRIAL

Only teams who participate in the same difficulty level in all elements offered (Container, Interior, Exterior, Buried, and qualify in each are eligible to win **High in Trial**. One High In Trial winner is chosen per difficulty level; there is no separate High In Trial for the Novice A and Novice B sections. The High in Trial is determined by adding the team's faults across the elements. If there is a tie based on faults, then the team's times across the elements will be summed and the faster-finishing team will win. The High in Trial award is not recorded by the AKC. Teams winning High In Trial will be awarded a special Rosette.

## STAGING AREA, HANDLER'S BRIEFING, AND WARM-UP INFORMATION

**Staging Area** will be out of view of search area(s). Staging area will include warm-up and waiting area, as well as posting of running order.

The **Handler's Briefing** will take place in view of the search area prior to the start of each class, after the hide(s) have been set and after the Demo Dog has run. In the Handler's Briefing the judge will explain if there's an off-leash option, number of hides, maximum height of hides and maximum time for the search. NO DOGS are to be present during the Handler's Briefing.

**Warm-up area:** the club shall designate a warm-up area. One labelled container per target odor being used in the trial on that day will be placed in the warm-up area. This will allow handler-dog teams to prepare themselves for the search prior to their run. Each team should limit their warm-up to two minutes or less so that others may be able to use the warm-up area.

**INCLEMENT WEATHER**

- ◆ In the event a severe weather or tornado warning is issued for the immediate area, Site Security will notify the Purina Farms management team. The team will notify guests of an impending weather event via the property wide public address system and via the storm siren and announcements.
- ◆ Guests will be asked to seek cover in designated areas marked as severe weather shelter areas inside the Purina Farms facilities (those in the outdoor event areas should seek cover in one of the indoor facilities on the property). Areas at the Purina Event Center include the Gateway Hall, restrooms, South stairwell and the Great Hall if necessary. Areas at the Visitor Center include the bathrooms and indoor theater.
- ◆ After the weather event ends, Purina Farms management teams will announce all clear.
- ◆ If weather is extreme after-hours, then security will unlock the Purina Event Center to allow overnight guests to come into the building with dogs at any time. The service center is also open 24/7 for campers to seek shelter.
- ◆ Should the weather look threatening, Purina Farms Security will go around the RV lot to notify overnight guests to seek shelter. Security will also visit the outdoor event areas around the property to let guests know there is threat.

WHAT IF...

# A PROBIOTIC COULD HELP YOUR DOG FEEL CALMER?

Introducing Purina® Pro Plan® Veterinary Supplements Calming Care with *Lactobacterium longum* (BL999), a probiotic strain shown to help dogs maintain calm behavior. In a recent survey, 62% of dog owners report that their dogs regularly exhibit one or more behaviors that could be signs of anxiety.\*

Helps support dogs with anxious behaviors such as excessive vocalization, jumping, pacing, and spinning

Helps dogs maintain positive cardiac activity during stressful events

Helps dogs cope with external stressors like separation, unfamiliar visitors, novel sounds, or changes in routine and location

\*Data was collected by Purina Research from August 9-10, 2016. A total of 100 nationally representative dog owners were surveyed regarding the survey. Qualified participants were over 18 years of age. If you also report that in most adult dogs, some behavioral problems may be attributable to being too excited or nervous and that when the dog's behavior improves in the next 3 months.

Purina supplements are owned by Purina and Purina (North America, Inc.) and other entities are property of their respective owners.
